

CONNECT400

GA 400 TRANSIT INITIATIVE

Alternatives Analysis

WE NEED YOU!

FOR THE GA 400 CORRIDOR ALTERNATIVES ANALYSIS

PUBLIC KICK-OFF MEETING

January 26, 2012

6:30-8:30 PM

**Fulton County North Service Center
7741 Roswell Road, Atlanta, GA 30350**

YOUR INPUT IS IMPORTANT

The Metropolitan Atlanta Rapid Transit Authority (MARTA) is undertaking the Georgia 400 Corridor Transit Initiative – Alternatives Analysis to consider a variety of alignment and transit technology options to improve regional mobility and accessibility in one of the region's most important and heavily congested corridors. MARTA is requesting your input at this early stage of the project.

GET INVOLVED

Residents, business owners, land owners, students, and interested citizens can get involved in two ways.

First, you can attend the public kick-off meeting on Thursday, January 26th where MARTA and the consultant team will introduce the project to the community, present the existing conditions, and gather your ideas and visions for the corridor.

Second, you can visit our project website and facebook page for more information. You can also send your ideas and thoughts to our e-mail address or contact us by phone.

STUDY AREA

The proposed project study area includes a mile-wide area on either side of the Georgia 400 expressway from the interchange with Interstate 285 in northern DeKalb County to McGinnis Ferry Road in northern Fulton County.
