

More MARTA Atlanta FACT SHEET Fall 2018

What is the More MARTA Atlanta Program?

More MARTA Atlanta is the largest transit investment in four decades – \$2.7 billion over the next 40 years. Funded by the half-penny sales tax overwhelmingly passed in 2016 by Atlanta voters, the program includes improvements to existing service and investment in a variety of transit projects and system-wide enhancements.

How did we get here?

More MARTA Atlanta has been the people’s program from the beginning.

How will More MARTA improve Atlanta transit?

The More MARTA Atlanta program will better connect communities to local and regional transportation networks, improve first- and last-mile connectivity, expand access to jobs and educational opportunities, spur ongoing economic development throughout the region, enhance mobility options for seniors and individuals with disabilities, and improve the overall quality of life for residents in the city – and beyond.

Provide service to **126** city of Atlanta neighborhoods

Increase access to **350,000 jobs** throughout the city of Atlanta

Provide **61 percent** greater access to transit for communities with large minority or low-income populations

Connect to **77 medical facilities, 83 grocery stores, and 115 schools** (30 colleges & universities and 85 K-12 public & private schools)

The program is shaped by guiding principles focused on a balanced approach to improving transit service, accessibility, and connectivity throughout the City of Atlanta. To review the guiding principles, visit www.itsmarta.com/moremarta.

The More MARTA Atlanta program is governed by a partnership between MARTA and the City of Atlanta.
